HEAnet

RCCN

Maybe you are already connected to EuropaNET....

DANTE
EuropaNET

A Complete Solution for International Connectivity
Lines installed or planned, October 1994

node 1 - 8 Mbps 64 - 512 kbps

planned PHARE 94 64-256 kbps 2 Mbps access

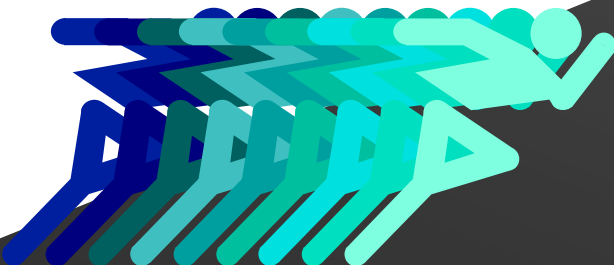

Europe needs a Superhighway too!

The **EuroCAIRN** Project was launched to make it happen

DANTE has been contracted to propose a plan for the immediate procurement of a 34 Mbps backbone in Europe

Interim report submitted last October
Final report to be submitted in December

DANTE FLOWservices

International services on top of EuropaNET:

- **MailFLOW |**
X.400 Mail Coordination Service covering more than 25 countries
- **NameFLOW-Paradise**
international Directory Service covering more than 30 countries
